

K-LOVE 94.3 in Chicago serves as a terrific radio station alternative with wonderful family values. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, that would be an awful disservice to our community. Chicago and the rest of the country needs positive alternatives to the radio stations that play songs with questionable lyrics and that promote non-family values. The service provided by K-LOVE is in the public interest because it plays fun upbeat songs that I don't have to worry about censoring when my son listens. Please do not let K-LOVE be replaced by a Low Power FM station. Thank you for your consideration.
